SUMMARY

Microsoft Certified: Power BI Data Analyst (PL-300) with a strong track record of leveraging data to solve business challenges and support strategic decision-making. Skilled in Power BI, Excel, MySQL, Python, and R for data collection, cleaning, analysis, and visualization. Experienced in transforming complex datasets into actionable insights and performance metrics that drive business outcomes. Known for strong analytical thinking, attention to detail, and delivering high-quality, business-focused results.

WORK EXPERIENCE

SDC APP **Jeddah, Saudi Arabia**
Data Analyst **December 2024 – Present**

- Collected and analyzed employee and business data upon request, ensuring leadership had timely insights for decision-making.
- Delivered monthly and quarterly reports with tailored recommendations for each department, integrating insights, funnels, and data generated from UXCam and WebEngage to enable deeper analysis; tracked follow-up actions to ensure execution.
- Held monthly and quarterly meetings with all department leads to review reports, discuss findings, and align on strategic actions.
- Developed new dashboards and visualizations (Using power BI) with KPIs aligned to business goals, enabling teams to track performance and improving reporting efficiency by 80%.
- Conducted monthly and quarterly performance analyses, delivering insights that increased sales conversion by 5% and reduced customer churn by 3%.
- Partnered with cross-functional teams to close performance gaps, driving a 7% increase in quarterly revenue.
- Boosted dashboard adoption by 40%, strengthening a data-driven decision-making culture.
- Performed root-cause analysis on data fluctuations and trends, uncovering insights that informed strategic business decisions.

BM ENTERPRISE MANAGEMENT. **Alexandria, Egypt**
Junior Data Analyst **August 2023 – August 2024**

- Led the transition to a paperless practice by implementing an electronic system and a faster, safer and more accurate business system; reduced cost of paper by 30%.
- Conducted a comprehensive analysis of data from over 100 companies, evaluating various metrics and performance indicators to identify the best insurance company for potential future partnerships and collaborations.

SECURITY METER. **Remote**
Cyber Security Intern **August 2022- October 2022**

EDUCATION

ALEXANDRIA UNIVERSITY Alexandria, Egypt
Bachelor of Data Science,*Major in Computing and Data Science* August 2019- June 2023

SKILLS

- **Data Tools & Visualization:** Power BI, Excel (PivotTables, Power Query), Tableau , Data Warehousing, ETL, Data Modeling, Dashboard Development, Data Storytelling.
- **Databases & Querying:** MySQL, PostgreSQL, SQL (queries, joins, optimization).
- **Programming & Analytics:** Python (Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn), R (ggplot2, dplyr), Web Scraping.
- **Statistical & Machine Learning:** Statistical Analysis, Clustering, Regression, Classification, Convolutional Neural Networks (CNNs), Predictive Analytics.
- **Business & Soft Skills**: Problem-Solving, Attention to Detail, Communication, Reporting, Cross-functional Collaboration, Business Intelligence.

PROJECTS

SENIOR PROJECT - SIGN LANGUAGE RECOGNITION 🔗

- Developed a vision-based system using machine learning to interpret Egyptian Sign Language into words and Arabic characters, improving railway communication and reducing obstacles by 40%.

ADVENTURES WORK POWERBI PROJECT 🔗

- Executed an advanced Power BI project demonstrating expertise in data modeling, DAX functions, interactive dashboards, filters, chart types, and tooltips to enhance analytics and visualization.

COVID-19 DETECTION USING CNN. 🔗

- Created an automated system to detect COVID-19 from X-ray images using Convolutional Neural Networks (CNNs), streamlining early medical diagnosis.

DATA WRANGLING AND VISUALIZATION. 🔗

- Analyzed the Titanic dataset using Python and R, applied clustering algorithms, performed data wrangling, and compared visual outputs across both platforms.

GLOBAL- SUPERSTORE ANALYSIS 🔗

- Built an interactive Power BI dashboard from the 2016 Global Superstore dataset, including ETL, cleansing, and DAX deployment, to deliver actionable business insights.

CERTIFICATIONS

- Microsoft Certified: Power BI Data Analyst Associate (PL-300), Microsoft (2025) 🔗
- Business Intelligence Analyst Course – 365 Careers (2024) 🔗
- Thinking Like an Analyst - 365 Careers (2024) 🔗
- Microsoft Power BI Desktop for Business Intelligence – Udemy (2023) 🔗
- Foundations of Data Science – Google (2023) 🔗
- Business Analytics with Excel – Johns Hopkins University (Coursera, 2023) 🔗
- PostgreSQL Essential Training – LinkedIn Learning (2023) 🔗
- Databases: Relational Databases and SQL – edX (2023) 🔗
- Introduction to Databases – Meta (Coursera, 2023) 🔗
- Understanding Data Engineering – DataCamp (2023) 🔗
- Intermediate Importing Data in Python – DataCamp (2023) 🔗
- Introduction to Programming Using Python – New Horizons (2019) 🔗
